

— BUS PRIVATE SERVICES —

Private travel for the groups you send to Spain.

Transfers, day trips and multi-day tours across Spain and Europe. Always private, always built around the itinerary you sell, with no limit on seats.

PARTY SIZE	COVERAGE	FORMAT
NO LIMIT ON SEATS	SPAIN & EUROPE	PRIVATE ONLY, NEVER SHARED

01 · WHAT WE DO

The vehicle fits the group, never the other way round.

A couple, a family of seven, a party of thirty. The vehicle is assigned to that group and to nobody else, and it is sized to the booking — with room to spread out and room for the luggage. On a week-long trip, that difference is felt every single day.

PARTY SIZE	VEHICLE	BEST SUITED TO
1 – 3	Sedan	Couples, executives, airport work
1 – 7	Mercedes V-Class	Families and small parties with luggage
8 – 16	Mercedes Sprinter	Groups, day trips and multi-day tours
+	Larger parties	Vehicle arranged for the date, with us in charge of it

WHAT THIS MEANS FOR YOU

- **One supplier across the whole range**

If the party grows from seven to twenty between the first quote and the final booking, nothing changes on your side. Same contact, same standard, a different vehicle.

- **Private, never shared**

No pooled transfers, no joining another group, no fixed departure times. The vehicle belongs to your client for the length of the service.

- **No limit on seats**

Above sixteen we arrange the vehicle through partners we already work with, and we remain responsible for the service and your single point of contact. Ask and we will tell you straight away whether the date can be covered.

02 · SERVICES

Three ways your client travels with us.

POINT TO POINT

Transfers

Airports, rail stations, hotels and city-to-city. Fixed time, fixed price, flights tracked. The service that usually starts the relationship.

A DAY OUT

Day Trips

Full or half days from Madrid, with the driver waiting throughout and talking along the way. A licensed official guide can be added for the visits inside.

LONG ROUTES

Multi-day Tours

Several days across Spain and Europe. Same vehicle and same driver from the first morning to the last, with the route drawn to your brief.

Starting points, not a catalogue

DAY TRIP · 71 KM FROM MADRID

Toledo

Three cultures in one day. Half day or full day.

DAY TRIP · 90 KM FROM MADRID

These are examples of routes we run, shown to give a sense of scale and pace.

Any destination, any duration, any combination – tell us the itinerary and we build it.

03 · WHY BOOK THE OPERATOR DIRECTLY

You are talking to the person who drives.

Nothing is passed down a chain. The quote, the itinerary changes and the vehicle at the curb on the morning of departure all come from the same place.

- **The same driver for the entire trip**

By day three he knows who wants to stop for photographs and who needs to sit at the front. Larger suppliers rotate drivers between days; we do not. On a private tour, the driver is part of the product you are selling.

- **One contact, start to finish**

You reach the operator directly — not a sales desk that forwards to operations that forwards to a subcontractor. Requests are answered quickly, and the answer is final.

- **Itineraries rebuilt as many times as needed**

Before departure or in the middle of the trip. Add a stop, move a morning, swap a city — the route is rewritten and requoted without friction. This is the core of how we work, not an exception.

- **The driver talks along the way, the guide takes them inside**

On every day trip the driver explains what the group is seeing and why it matters. Inside the monuments the commentary belongs to a licensed official guide, who is added when your client wants the full visit. There is also a third option, the **licensed driver-guide**: one professional who drives and also goes in and explains. It is the hardest to secure and is confirmed with the quote.

- **English and Spanish**

Drivers work comfortably in both languages, so your client is never handed a silent journey.
